

Are you aspiring to be a Local Leader of Education?

Are you an experienced headteacher with the ability to coach and mentor?

LLEs are experienced headteachers who coach or mentor new headteachers or headteachers whose schools are in challenging circumstances. They work primarily one-to-one with another headteacher and typical activities include:

- identifying objectives for improvement,
- coaching and mentoring leaders to develop skills and professional effectiveness,
- supporting or coordinating coaching or training for key staff in the supported school.

If you think this role could be for you and wish to challenge and develop yourself by supporting other schools and the children of Lincolnshire then come along to the briefing session LTT are hosting for 'Aspiring LLE's' where you can find out more.

The session will:

- Inspire a commitment to system leadership across Lincolnshire.
- Consider the role of an LLE and what support looks like.
- Outline system infrastructure and the role of school to school support.
- Discuss how deployments work.
- Look at the standards and criteria for designation, and the process for application.

Date & Time: Tuesday 7th January at 8.30am – 10.00am

Location: Kyra Teaching School Alliance, Cherry Willingham, LN3 4JP

To book on the session:
