

Are you aspiring to be a Specialist Leader of Education?

Are you an outstanding middle or senior leader with the skills to provide support to other schools?

Specialist leaders of Education (SLEs) are outstanding middle and senior leaders who possess the skills needed to provide support, in their area(s) of expertise, to other schools. Each SLE is associated with a Teaching School which provides ongoing training and support to the SLE to carry out their role.

If you think this role could be for you and wish to challenge and develop yourself by supporting other schools and the children of Lincolnshire then come along to one of the briefing sessions LTT are hosting for ‘Aspiring SLE’s’ where you can find out more.

The session will:

- Inspire a commitment to system leadership across Lincolnshire
- Consider the role of an SLE and the skills associated with effective system leadership
- Outline system infrastructure and the role of school to school support
- Discuss how deployments work
- Look at the standards and criteria for designation, and the process for application
