GOVERNING BOARD DEVELOPMENT PROGRAMME

We have changed the support offer we provide for governing boards. Our new approach is designed to ensure that all Governing Boards have the opportunity to strengthen their effectiveness and prepare themselves for Ofsted inspection under the new framework.

The focus is on how governors work effectively together, as a Board, to deliver the expectations as set out in the DfE Governance Handbook.

Lincolnshire Leaders of Governance (LLGs) will work with Governing Boards on one or more area of focus which the board will determine. Whatever the focus, however, preparation for inspection will be a feature of the development work as will the processes the board uses to manage its work.

DEVELOPMENT NEEDS AUDIT TOOL

This is a simple and straightforward review tool for Governing Boards to use to determine which of the available areas of development focus would be most appropriate for the board.

The review tool is available in the resources section of the website, as well as a Zoom presentation about how to make effective use of the tool:

www.lincolnshiretsa.co.uk/governance

Area of focus for the Governing Board Development Programme

Core Area 1 – Strategic Direction (three areas of focus)

A. Ensuring that the Governing Board is meeting its statutory responsibilities in this core area.

Supporting the Governing Board with the development of:

- B. its vision and values
- C. its strategic priorities and monitoring approaches.

Core Area 2 – Holding the Headteacher to account for educational performance (five areas of focus)

Ensuring that the board is discharging its statutory responsibilities linked to oversight, accountability and assurance:

- D. general
- E. safeguarding
- F. pupil premium grant
- G. pupils with SEND
- H. the school curriculum

Core Area 3 – Holding the Headteacher to account for financial performance (two areas of focus)

- I. Supporting the Governing Board with financial monitoring.
- J. Supporting the Board with budget setting.

Delivery and Cost

An LLG will facilitate a 90 minute session with a Governing Board focussing on one of the above areas. The cost for the session is £295.

Development planning for strengthening governance

It is expected that many Governing Boards will use the DNA tool to plan a development programme – possibly over a two or three year period – which involves several sessions, each with a different area of focus. A programme of 3 sessions is available for £750.

LEADING GOVERNANCE PROGRAMMES

The National Governance Association (NGA) is one of the licence holders that deliver the DFE Leading Governance Development programme. The NGA delivers the Development for Chairs and Clerks Programmes in Lincolnshire.

This programme provides excellent training for the Clerk and Chair to become Governance Professionals. Schools may find it beneficial for both the Chairs and Clerks to attend this training.

DEVELOPMENT FOR CHAIRS PROGRAMME

This programme aims to develop leadership skills, ensuring that governance is both effective and sustainable. If you are a Chair, Vice-Chair, Committee Chair or future Chair, then this programme is designed to develop your governing skills, knowledge and confidence.

The programme offers a blend of flexible learning and will take approximately three terms to complete. Led by experienced facilitators, participants will attend local workshops and access effective one-to-one mentoring throughout the duration of this programme, to ensure the skills learnt can be translated into the real world. Learning will be both group-led and independent.

Funding of £1,000 (for two £500 places) is available for each Board in England in most circumstances. Any two governors from your Board are eligible to apply for funding. Please contact the NGA to enquire about eligibility for available funding.

DEVELOPMENT FOR CLERKS PROGRAMME

Level 3 accreditation in Clerking of School and Academy Governing Boards, accredited by ICSA.

Clerks play a core role on Governing Boards and are integral in ensuring high standards are met. With the welfare of pupils at the heart of everything we do, our Development for Clerks programme is designed to ensure both new and experienced clerks have all the knowledge and skills they need to carry out this role effectively.

This programme offers a blend of flexible learning over approximately a nine-month period. Led by experienced facilitators, participants will attend workshops and access effective one-to-one mentoring throughout the duration of this programme,

building on the clerking skills learnt. Learning will be both group-led and independent.

The Development for Clerks Programme costs £449. £350 is available for funding from the Department for Education; there will be an additional cost of £99 to attend. Please contact the NGA to enquire about eligibility for available funding.

CONSULTANCY

Lincolnshire Teaching Schools Together (LTT) has worked with the Lincolnshire Learning Partnership (LLP) and the Leaders of Governance based in Lincolnshire Schools to develop a consultancy support model to help schools, academies and MATs strengthen their governance arrangements and address specific governance challenges they are facing.

LEADERS OF GOVERNANCE SUPPORT

In addition to the focus areas of the Governance Development programme the Lincolnshire Leaders of Governance (LLGs) are available to support the Governing Board to strengthen their work and to respond effectively to the ever-increasing demands being made of them. Support can be in the form of phone calls, email correspondence, face-to-face meetings, attendance at governance meetings etc.

Examples of support include:

- Support for new chairs
- Support for setting up effective MAT governance arrangements
- Support for self-review and peer-to-peer review
- Supporting strategic planning – vision, values, strategic procedures
- Review and development of governance documentation
- Supporting self-/peer-review using the review tool

Costs: £450 per day / £225 per half-day equivalent

PEER IMPROVEMENT PATHWAY FOR GOVERNORS

Approaches to the improvement of governance linked to the Peer Improvement Pathway are currently being piloted and an approach and associated materials will be made available to Governing Boards in due course.

EXTERNAL ADVISER FOR EFFECTIVE HEADTEACHER PERFORMANCE MANAGEMENT

Headteachers who are working within the School Teachers' Pay and Conditions (STPC) are required to be appraised by their Governing Board in line with regulations and their pay progression must be linked to this. The STPC requires that the Governing Board is supported by an external adviser and this is available from the Leaders of Governance.

Costs: To be agreed with the appointed adviser

EVALUATING GOVERNANCE

The DFE Governance Handbooks makes it clear that Governing Boards should be evaluating their effectiveness on a regular basis. The support tools for self-review/peer-review (see page 13 of this booklet) provide mechanisms for Governing Boards to evaluate their effectiveness. Governing boards can commission Lincolnshire Leader of Governance support for undertaking reviews and for drawing up an improvement plan based on the outcomes (see page 10 of this booklet).

Whilst Ofsted will no longer be recommending that schools have External Reviews of Governance (ERGs) they can be commissioned by schools/SATs and MATs. An ERG looks at how well your school's/academy's Governing Body is working. A trained Leader of Governance works with the Governing Body, Headteacher and Clerk to improve the performance of your Governing Body.

Costs: An External Review of Governance will usually take between 2 to 3 days, including a follow-up visit to review impact. The charge for a full review will be agreed between the reviewer and the school/academy. However, the estimated cost is around £1,000 to £1,500. Shorter 'health-check' style reviews are also available at £225 per half-day equivalent.

REFORMING GOVERNANCE – SECURING FITNESS FOR PURPOSE

Providing that Governing Boards are fulfilling the purpose of governance as set out in Section 1 of the DFE Governance Handbook, they are free to put in place whatever structures and arrangements that they see fit. The key consideration is 'are we fulfilling the purposes as effectively and as efficiently as possible?'

Many school Governing Boards have done things in the same way for many years without stopping and evaluating effectiveness and efficiency. The DFE Governance Handbook identifies Evaluation as one of the six dimensions of effective governance and recommends that Governing Boards take a systematic approach to evaluating their work and the fitness for purpose of their ways of working.

Across the country – including in Lincolnshire - many school/Governing Boards are reforming their governance arrangements – different structures/committees, different roles for those involved in governance, different meeting schedules. They are finding that reformed ways of working are resulting in better governance.

The Lincolnshire Leaders of Governance (LLGs) are working with schools to support them in reforming their governance. If you would like support to assist you in reforming how you do things, please contact us through the Governor Support Line.

GOVERNOR SUPPORT LINE

Lincolnshire County Council maintains a Governor Support Line (01522 553240) to provide telephone advice and support to the Governing Body of a school/academy. In addition to the support offer made within this guide, Governor Support can also provide remote support via email (governorsupport@lincolnshire.gov.uk) for the purposes of looking over school-related documentation and governance-related matters.

LCC Governor Support is also responsible for maintaining records of Maintained Schools' Governing Bodies, as well as providing direct communications that are pertinent to supporting the continual development of governance in Lincolnshire Schools.

If you require a specific type of support that is not listed in the guide, please contact governor support and a member of the team will be able to talk with you further. Please email: governorsupport@lincolnshire.gov.uk or phone 01522 553240

CASE STUDIES

Face to face NGA Training

The primary schools in the Deepings areas have worked together to purchase face-to-face NGA governor training. Our first two events attracted attendance of more than 20; our latest 25, so the cost to each school was based on £20 per delegate. Clearly this was extremely attractive given the pressure on school finances. Course content is based on recognised NGA packages.

It is thought-provoking, stimulating and encourages reflection on current working practices. There is recognition that every school is different; every Governing Board works differently. Therefore, Governing Boards are encouraged to review their working practices to ensure they effectively deliver their strategic responsibilities.

LLG Consultancy support

The Community Inclusion Trust (CIT is a Lincolnshire MAT operating in Grantham, Boston, Spalding and on the East Coast, with 15 schools (Primary and Special). The Chair of the Trust has commissioned Stronger Governance to provide LLGs to undertake development work with the Trust's Local Governing Bodies so that they are fully prepared to move into their new role as Local School Boards. Each LGB has a dedicated LLG who is supporting the Governors and providing helpful tools and approaches.

Governing Board Development Programme

A school Governing Board in the Lincoln area is working with an LLG to review, and subsequently strengthen, its work in relation to Core Area 1 - Strategic Leadership. The work involves a detailed audit and analysis of what it is currently doing and the development of a detailed plan to strengthen its work.

Would you like to be a Leader of Governance?

We are continually looking to expand our capacity to support Governing Boards and are therefore always looking for Governors and Trustees who would consider joining the Lincolnshire Leaders of Governance Team.

Members of the team play different roles, for example:

- joining a Governing Board for a year when the Board needs strengthening;
- acting as the Chair of a Board for a year if the Board needs some strong leadership
- undertaking consultancy work with Governing Boards, including reviews of governance
- delivering governor training

Different team members play different roles and you could shape the role as you want to.
