End of Phase Assessment Workshops

Following the cancellation of statutory testing in 2021, we are still offering the opportunity for schools to come together to be able to explore and share their teacher assessments in reading, writing and maths for Year 2, and writing in Year 6.

The aim of these free workshops is to identify any areas of children's learning that may need addressing to support your teacher assessment aspirations, by the end of the academic year.

These sessions will be delivered virtually by the LA Senior Assessment Team and supported by moderators.
